

Dear Dawson College Students,

The Ministry of Health and Social Services (MSSS) requires that students immunization statuses be completed, as per the recommendations of the Québec Immunization Protocol - (PIQ), in order for students to enter affiliated health care institutions and provide patient care.

Dawson College has contracted SentryMD, a confidential health record service to store and maintain students required immunizations/ tests documents, up to seven years. Dawson College students are required to provide proof of the below listed immunizations/tests in this packet (page, 2.) in order to participate in students clinical stage(s).

Please follow the 4 steps below in order to complete this requirement

Step 1: Activate your SentryMD account | send an e-mail to: dawsoncollege@sentrymd.com

- a) Email dawsoncollege@sentrymd.com to activate your Sentry MD Health and Immunization Profile,
- b) Include your full name, date of birth, school email address and student number and the program name you are attending,
- c) Follow Step 2 once you receive a confirmation email from dawsoncollege@sentrymd.com notifying you your account is active.

Step 2: Log in to your Sentry MD account | create your password for Sentry MD account.

- a) Enter your User ID: school email address,
- b) Click on “Create password”,
- c) Students will receive a numerical token to your email address,
- d) Enter token from e-mail onto the site,
- e) Create a Password,
- f) Click the link to go to the login screen.

Link to Sentry MD Account:

<https://mysentrymd.com/#/home>

Once you are logged in, you will land on the 'Electronic Release form'. You will need to authorize this statement electronically to move forward into your account. Once authorized you will have access to your account tabs (page 5). If students have any questions regarding registration, immunization requirements or the contents of this packet; **please email:** dawsoncollege@SentryMD.com

Step 3: Gather Required Health Documents | submit on provided form

Refer to the 'Detailed list of Required Vaccinations/Tests (page 2), it is important that students review this material carefully. It is the student’s responsibility to update vaccination/test results and submit proof of vaccinations in a timely manner in English or French. If students are unable to provide proof of required vaccinations/tests, these vaccinations/tests series are to be re-administered. Students will bring their vaccination booklet(s) and a copy of the blank Attestation of Conformity (page 3) to the health care provider (HCP) to be completed. Below are HCP locations who will fill out this same form until complete.

Vaccination /Test locations:

- ❖ Your local CLSC : My local CLSC or vaccines411
- ❖ Your family physician
- ❖ Pharmacies (costs may be associated)
- ❖ Private Clinics (costs may be associated)

Only Nursing students are required to upload their OIIQ permit, once accessible

Step 4: Upload Requirement to SentryMD | submit on provided form (page 3)

Return your completed forms to SentryMD by scanning as PDF file or JPEG and uploading to:

<https://mysentrymd.com/#/home>

Click on the “Documents” tab, then scroll down to the Upload Document section. Click on CHOOSE FILE. Choose the document you want to upload. Place a checkmark in the box next to the requirement that is included in the document you are uploading. Repeat the upload process for additional documents you want to submit. Please allow up to 48 business hours for your documents to be processed.

DETAILED LIST OF REQUIRED VACCINATIONS & TESTS #8 does not apply to Social Service, Physiotherapy Technology, or Biomedical Laboratory Technology students	
<p>1. Tetanus, diphtheria and pertussis/tétanos, diphtérie et coqueluche</p> <ul style="list-style-type: none"> • Proof of the primary series is required <ul style="list-style-type: none"> • If students do not have information concerning your childhood immunization (booklets with dates), you must be re-vaccinated following the adapted schedule. • All students are required to provide the date of a tetanus and diphtheria booster within the last 10 years. • A single dose of acellular pertussis vaccine is required for all adolescents and adults (Tdap/Adacel/Boostrix). <p>2. Polio</p> <ul style="list-style-type: none"> • Proof of the primary series is required for students under 18 years old, including one dose of inactivated polio vaccine after the age of 4 years. • Polio vaccine is not routinely given to adults (18+ years) in Canada. <p>3. Measles / Rougeole</p> <ul style="list-style-type: none"> • Proof of vaccination with two doses of measles containing vaccine after your first birthday. <p>4. Mumps / Oreillons</p> <ul style="list-style-type: none"> • Proof of vaccination with one dose of vaccine. <p>5. Rubella / Rubéole</p> <p>Proof of vaccination with one dose of vaccine.</p> <p>6. Varicella / Varicelle Proof of vaccination with two doses of varicella vaccine**</p> <p style="padding-left: 40px;">OR</p> <ul style="list-style-type: none"> • Positive Varicella serology <p style="padding-left: 40px;">OR</p> <ul style="list-style-type: none"> • Occurrence of a Varicella infection after the age of one year <ul style="list-style-type: none"> • Upload lab results/documentation to SentryMD 	<p>7. Hepatitis B/hépatite b</p> <p>Vaccination:</p> <ul style="list-style-type: none"> • Proof of vaccination is required. <p>Serology/sérologie:</p> <ul style="list-style-type: none"> • If the vaccine has been given more than 6 months ago no serology is necessary. • If the last dose of the vaccine has been given within the last 6 months, serology is necessary, 1-6 months after the last dose. • Attach lab results to the form. <p>8. Tuberculosis: two step Tuberculin Skin Test (TST) – Mantoux</p> <p style="padding-left: 40px;">Tuberculose: test cutané à la tuberculose (TCT)</p> <ul style="list-style-type: none"> • A two-step Mantoux is required ONLY for students answering YES to one of the following: <ul style="list-style-type: none"> A. Born in Canada before 1976 B. Born outside of Canada C. Received the BCG vaccine D. Known exposure/ contact with active tuberculosis E. Has travelled 3 months or more cumulative time outside of the following countries: Canada, United States, Australia, New Zealand, Germany, Austria, Belgium, Denmark, France, Greece, Ireland, Italy, Luxembourg, Norway, Netherlands, United Kingdom, Sweden, Switzerland, Antilles (Caribbean except Haiti and the Dominican Republic) <p>ALL OTHER STUDENTS DO NOT NEED A TST</p> <ul style="list-style-type: none"> • The second TST is to be performed 7days to 1 year after the first step. • All TST must be read 48-72 hours after administration by a trained healthcare worker. • The reading must be recorded as millimeters of induration NOT “positive” or “negative”. • Self-reading of TST is not accepted • If you have a documented previous 2-step TST you will only require a 1-step TST done within the last 12 months. • If the first test is positive do not proceed with the second test. Instead, you should be referred for a chest x-ray and for a consultation with a respirologist. • If you have had a positive TST in the past, do not repeat the test. You will need to have a chest x-ray completed within the past 12 months and a consultation with a respirologist. Please attach a copy of the written report from the respirologist.
<p>Influenza/Grippe</p> <ul style="list-style-type: none"> • Highly recommended to be done annually. 	<p>COVID-19</p> <ul style="list-style-type: none"> • Highly recommended to have 2 doses with 1x booster.

**The CIQ recommends a total of 2 doses of Varicella for interns and newly hired healthcare workers within the Quebec healthcare system;

**Le CIQ recommande un total de 2 doses de Varicelle pour les stagiaires et les travailleurs de la santé nouvellement embauchés au sein du système de santé québécois; <https://msss.gouv.qc.ca/professionnels/vaccination/piq-vaccins/var-vaccin-contre-la-varicelle/>

Please refer to the 'DETAILED LIST OF REQUIRED VACCINATIONS & TESTS' (page, 2.) This form requires the signature of a Health Care Provider (HCP). Vaccination booklet vaccines/tests are to be transcribe to this form.

Return your Attestation to SentryMD by scanning it as PDF file or JPEG and uploading at:
